BEHIND THE SCENES AT SKYDANCE: EARLY TALENT CAREERS IN ENTERTAINMENT FREE ONLINE WEBINAR ON TUES, 12 JAN 2027, 18:30.

🎬 Love Film, TV, Games or Sport, but not sure what careers exist beyond making them?
Discover opportunities in marketing, sales, publicity, HR, business and more, and how your skills could help shape the world of entertainment.
Join Skydance, home to one of the entertainment industry's most powerful content engines, for a live one-hour insider session built for students who want a career in entertainment, media or sport.
Skydance's portfolio includes iconic brands such as Warner Bros., Paramount, HBO, TNT Sports, Cartoon Network, Nickelodeon, CNN and Comedy Central. This is your chance to find out what it's really like to start a career there, straight from the people doing it. Click here to register.

SPRINGPOD NEW FREE ENGINEERING EXPERIENCES

Our new Guide to a Career in Engineering brings together 12 free engineering experiences from employers including the Aviation Industry Skills Board, Airbus, Rolls-Royce, the RAF and Network Rail.

What's inside:

- Six types of engineering explained simply, from aerospace and rail to civil, energy and AI, so students can find the area that suits them
- Real engineering tasks to try online, such as working out whether stations can power a new fleet of electric trains, or handling a simulated track emergency
- A QR code and link for every experience, so students can start in seconds
- The routes into engineering, including A levels, T Levels, apprenticeships and degrees
- A free AI Interview Coach from the RAF and Rolls-Royce, where students can practise interview questions and get instant feedback.

Most experiences take about an hour, are open to students aged 13 and over, and give students a certificate to add to their CV, UCAS or apprenticeship applications.

Click here for the guide.

NHS NATIONAL WORK EXPERIENCE APPLICATIONS OPEN

Applications for the free National NHS Virtual Work Experience programme have now opened for 2026-2027! Virtual work experiences have been accepted by the Medical Schools and Dental Schools Council as valuable alternatives to in-person shadowing. This programme is brought to you by Birmingham Universities Hospitals Trust in collaboration with Mentorverse, and is completely free. Not only is this a reliable alternative to in-person shadowing, but it also plays a significant role in preparing students for their in-person work placements, with structured teaching and opportunities to speak directly with healthcare professionals. The opportunity is open to any student across the UK from 14 years old and above.

MAKE A DIFFERENCE

FUTURE SKILLS PROGRAMME; CAREERS IN STEM

This flexible virtual programme helps students explore STEM careers and build confidence for future choices, applications, and the workplace.

Who? Years 9–10 ; all abilities welcome
When? February 2027 half term
Commitment? Approximately 30 hours, completed flexibly
Cost? £55, with fully funded bursaries for eligible students.
On completion, students earn the nationally recognised Bronze-level Industrial Cadets award to support future applications.
Click here for more information and to sign up.

Learning to change the world

WHERE CAN GEOGRAPHY TAKE YOU?

Geography is one of the most versatile subjects a student can choose. Created with the Royal Geographical Society, our work experience programme lets students put geography to work on real problems. Students will:

- explore hazards and risk, including volcanoes, earthquakes, storms and floods
- discover how cities and communities are planned and regenerated
- investigate sustainable resources, including energy, water, food and pollution
- map the world using GIS, drones and satellite data
- hear from professionals, complete practical tasks and build their own employability skills plan.

The programme is open to students aged 13 and over. It is completely free, works on demand so students can complete it at their own pace, and comes with a certificate of completion. Sign up here.

FREE REVISION WEBINAR TUES 1ST DECEMBER

Led by Harry and Joe, co-founders of The Degree Gap, the session will show families:

- ✅ How to use mocks as a starting point, not a verdict
- ✅ How to sort revision into red, amber and green
- ✅ What good revision looks like at home
- ✅ The early signs of burnout
- ✅ How to talk about revision without a row

It is a 30-minute masterclass followed by 25 minutes of live Q&A.
Click here to register for this webinar.

THE DEGREE GAP

MYPATH JOB OF THE WEEK

In this section I will be sharing a 'Job Of The Week' from the MYPATH careers website. This week the job is Airline Dispatcher. Click here for the video.

MYPATH
