A Level Computing Report Statements

Statement	Link
The quality of the homework needs to be improved as it is below what it should be	
Needs to be more organised at meeting deadlines as they have missed a few	https://www.topuniversities.com/blog/best-time-management-apps-students
Has missed some crucial lessons which have caused them to fall behind	https://www.codecademy.com/catalog/language/python https://www.learnpython.org/ https://www.pearsonschoolsandfecolleges.co.uk/FEAndVocational/ITandComputing/BTEC/BTECNationalsComputing2016/ISBN/Student-Books/BTECNationalComputingStudentBook.aspx
Is lacking the basic programming skills so must work on this before they can progress	https://www.codecademy.com/catalog/language/python
Is lacking the basic theory knowledge so must work on this before they can progress	https://www.pearsonschoolsandfecolleges.co.uk/FEAndVocational/ITandComputing/BTEC/BTECNationalsComputing2016/ISBN/Student-Books/BTECNationalComputingStudentBook.aspx
Needs to engage more fully in the lessons to make the maximum progress	
Work lacks clarity and detail for this course	
Test scores have been lower than expected and therefore needs to spend more time recapping at home what we've covered during that week's lessons by making notes in their exercise book.	https://www.pearsonschoolsandfecolleges.co.uk/FEAndVocational/ITandComputing/BTEC/BTECNationalsComputing2016/ISBN/Student-Books/BTECNationalComputingStudentBook.aspx
Has found programming tricky this year so would find it useful to practice some online coding tutorials at home to boost their skills	https://www.codecademy.com/catalog/language/python https://www.learnpython.org/
Has struggled in the exams so needs to spend more time at home practicing Computing exam questions	Visit the class oneNote Page for exam past papers and mark schemes
