Important message for all Year 6 Parents

Please don't forget that the deadline for listing your preferences with your local authority is 31st October. It is essential that you do this to ensure the smooth transition of your child to Year 7. Please visit <https://liverpool.gov.uk/schools-and-learning/school-admissions/>

After half term all pupils must be in the correct uniform. Sanctions for incorrect uniform will be issued. The uniform policy and details are all on the school website

On the, 14th October, was Allied Health Professionals Day! On Wednesday of that week, we had two visitors from Aintree Hospital coming into school to talk to us about the wide range of different jobs in a hospital, aside from a doctor or a nurse. We were taught about the hugely important roles that these Allied Health Professionals have within a hospital. We looked at the roles of radiographers, orthoptists, podiatrists, paramedics, physiotherapists, art, music and drama therapists and more. Lots of us asked some excellent questions and have even started to think about our future careers!

Congratulations to Charlie W, Seb W, Beau R and Elise K who have all been specially selected to represent the city in cross

country!

Congratulations to our Year 5 and 6 girls' football team, who did brilliantly under the expertise of our very own Mrs Doran to reach the Merseyside finals!

Well done to our Times Table Rock Star Legends! Enjoy your prize over the half term holidays! Keep it up!!!!

Prep Ski trip

Updated information regarding the ski trip will be sent out after half term. Please keep an eye out for letters in your

childs' bag.

Growing Sudley is a community garden project who many children may know through the fantastic forest school sessions they offer during school holidays.

They are fundraising to turn an old derelict out building into a fantastic zero carbon, completely sustainable base for community activities. They have been working hard over the last 3 months to fundraise 26 thousand pounds to bring this environmental dream to life and are just 2 thousand pound away from their target!!

The crazy thing is, if they don't meet their target then they have to give all of the money they have raised back.

Poppy and Ted have been picking up litter on their daily walks around school and in their local area in return for sponsorship. They have raised £170 towards the project in just 4 days.

Midnight is the deadline for Growing Sudley to reach their target so we will be watching closely and crossing everything in the hope that they do!

If anyone would like to find out more about the project the link is here and it's not too late to donate!
