A bit of rain couldn't stop 3P from doing some field work! We braved the weather to find soil samples ready for an exciting experiment next week.

Year 3 enjoyed learning about Hinduism. We used sweet tasting skittles, relaxing looking candles, calm sounding music and nice smelling incense to help us think about how the world was created.

I am becoming increasingly concerned by the number of children cycling to school without a helmet.

Please ensure that your child wears a helmet when cycling to school and is aware of the dangers when cycling on the roads.

Year 4 Holy Communion

Due to Covid restrictions and difficulties accessing church facilities earlier in the year, the Prep School is delighted to offer First Holy Communion preparation sessions at school. As a result of our excellent link with St Anthony of Padua Church, children in Year 4 and their families, are welcome to make their First Holy Communion as a school group at St Anthony of Padua Church, once preparation sessions have been completed. Please email Mrs Herron, lherron@liverpoolcollege.org.uk if you would like further information.

The weather was not kind to us this week, the wind kept us from the woods on Tuesday but we didn't waste our activity time; 4P set to work creating indoor dens in their classroom.

We were very noisy but had the best time and we still managed a marshmallow!!

Thursday's weather was meant to be kinder, but the hailstones caused a few issues, not least of all as half of 5R didn't have a suitable outdoor coat. Those of us who did huddled around the warm fire and spent some time reflecting on our school and what we like about it.

Of course, many of them said they love games, forest school and activities, but it was music to my ears to hear that maths and science are up there.

If I may remind parents, in light of our unpredictable British weather, coats are a must for FS participation....the children know when they have their session. Your support is very much appreciated.
