## Message from the Principal

31 August 2021

Dear Parents,

There is a wonderful sense of anticipation today on our campus. We are ready to start. Our maintenance, IT, administration and leadership teams have worked hard to prepare the campus, develop new curricular opportunities, and organize various details for an inspiring beginning of the school year. This summer we have conducted a summer school for the new Year 3 and Year 7. Now the start is almost upon us.

Today the staff are meeting, and our Year 7 are attending the sports assessment and music afternoon. Tomorrow they and our new Year 12 students will enjoy time on campus. Our boarders are beginning to move into their rooms. Tonight, I will be attending the much delayed Leavers' Dinner for our Year 13 and Prom for our Year 11.

Please [click here](#) to read a letter for parents from Steve Reddy (Director of Children's Services) and Matt Ashton (Director of Public Health) of Liverpool City Council regarding changes made to national policies on self-isolation and information on the management of coronavirus testing and cases in schools.

You will have received separately an email outlining the timetable for the beginning of term for your child's phase of the College.

Let us all try to get off to a good start in terms of punctual attendance and safety on the roads and parking places around campus.

I look forward to writing to you again on Friday with an account of the start of term.

See you soon.

**Yours sincerely,**

**Hans van Mourik Broekman**  
**Principal**
