ENGINEERING & PHYSICAL SCIENCES PATHWAYS WEBINAR FROM THE UNIVERSITY OF LEEDS

This online webinar will introduce exciting and often lesser-known subject areas across Engineering & Physical Sciences including Chemical & Process Engineering, Materials Science Engineering and Computer Science. Delivered by Professor Nicole Hondow, Academic Lead for Student Recruitment, this 45-minute webinar will run from 16:15 - 17:00 on Tuesday 29 September via Zoom. Whether you're guiding students through UCAS choices or looking to expand your own subject knowledge, this series will equip you with the tools to support informed decisions and inspire future engineers. Register [here](#).

SPECSAVERS BRIGHT STARS SCHOLARSHIP

The Specsavers Bright Stars Scholarship helps exceptional STEM students pursue a career in optometry; a financially rewarding profession that combines science, technology and patient care. Alongside financial support throughout university, scholars gain valuable practical experience and ongoing guidance from experienced professionals. To find out more please click [here](#).

ADDLESHAW GODDARD: SOLICITOR APPRENTICESHIP SEPTEMBER 2027 START

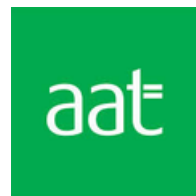

Over six years, you will immerse yourself in the world of commercial law, with your time divided between working with Addleshaw Goddard colleagues for four days a week and having one focused study day. The programme is designed and balanced to provide everything you need for a successful career in commercial law.

This programme is aimed at Year 13 students (or equivalent) and school leavers without a degree. The programme is open to anyone regardless of their socio-economic background. These vacancies are in Manchester and Leeds. Click [here](#) for more information and to register interest.

A PRACTICAL ROUTE INTO A CAREER IN ACCOUNTANCY

For learners considering their next step after school or college, university isn't the only route into a professional career. AAT offers a practical, recognised route into accountancy and finance, helping learners develop the knowledge and skills employers value while working towards a professional qualification. It's a route that can help learners build a strong foundation in finance, with opportunities to progress their careers and work towards further professional qualifications, including ACCA and CIMA. Click [here](#) to find out more.

HELPING YOUR TEEN PREPARE THEIR PERSONAL STATEMENT

A live webinar for parents on helping your teen write a strong UCAS personal statement - what tutors want and how to help.

Writing a university personal statement is one of the most stressful parts of the UCAS process - for teens and parents alike. This practical, live session shows you what a strong personal statement looks like and how to support your teen through it without taking over. The session takes place on Wednesday 23rd September, 4-4.45pm. There is a small cost to attend this live session, click [here](#) for more details.

WHAT TOP UNIVERSITIES ARE REALLY LOOKING FOR.

To support our Year 12 and Year 13 students and parents, we're sharing a free online session led by Kate Grace, a former Head of Careers with over a decade of experience across schools and university admissions. Kate covers how admissions tutors actually read personal statements, the sixth form choices that build a genuinely competitive application, and the common mistakes that weaken strong ones, with real anonymised examples throughout. Wednesday 30 September, 7 to 8pm, online. Everyone who registers receives the slides and replay. Register free [here](#).

MYPATH JOB OF THE WEEK

In this section I will be sharing a 'Job Of The Week' from the MYPATH careers website. This week the job is Refuse Collector. Click [here](#) for the video.
